

I am against the FCC proposal to expand the Low Power FM stations to take priority over current FM translator service.

K-LOVE specifically is a station that I listen to every single day.

It is an encouragement to me in the way of the music and the other programs that they broadcast.

There are not very many Christian music stations in the Phoenix area, and it would be a big loss if K-Love was displaced by an LPFM broadcaster.

I travel a lot for my job, and I listen to K-Love no matter where in the country I am.

K-Love is in the public interest because they provide so many programs that are excellent for the family.

You never have to worry about what children might be hearing.

It's encouraging and uplifting music and programming.

Thank you for your time.
